

STYLE

I prodotti **STYLE** di VARCOLOR rappresentano la nicchia di qualità nel panorama dei metalli prerivestiti.

Dedicati ad applicazioni interne quali ascensori, elettrodomestici, porte, mobili refrigerati, pareti mobili, pannelli per interni ed arredo in genere, devono il loro successo a caratteristiche tecniche di prim'ordine quali l'effetto antipronta, l'estrema facilità di pulizia, la completa tossicità e l'ottima resistenza alla corrosione.

La flessibilità della tecnologia utilizzata, permette di realizzare il prodotto **STYLE** secondo le esigenze del Cliente creando, di volta in volta, finiture uniche personalizzate.

VARCOLOR è in grado di offrire il prodotto **STYLE** in diverse soluzioni di composizione in base all'applicazione finale ed alle esigenze tecniche richieste dal Cliente.

STYLE is the latest born of VARCOLOR's products and represents the quality niche in the panorama of pre-coated metals.

It is designed for indoor applications such as lifts, household appliances, doors, coolers, modular walls, internal panels and furniture in general; this product is well appreciated because of its features such as the antifinger effect, the extremely easy cleanability, its foodsafe status and the excellent corrosion resistance.

Thanks to the flexibility of the technology used by VARCOLOR, it is also possible to create the product STYLE in different finishes according to the Customer's requirements.

VARCOLOR is also able to offer the product STYLE in different solutions of compositions according to each final application and to the specific technical needs of each Customer.

SEASON

I prodotti **SEASON** sono stati creati da VARCOLOR in risposta ad una crescente richiesta di finiture e decori per applicazioni all'esterno. Sono infatti essi dedicati al mondo delle coperture, delle facciate, dei rivestimenti architettonici, dei pannelli per l'edilizia e dei tubi pluviali. Tutte le finiture esposte in questo catalogo possono essere realizzate con questa tecnologia d'avanguardia ma, un numero praticamente infinito di nuovi decori sono realizzabili secondo le esigenze e la creatività del Cliente.

Le caratteristiche tecniche che questo prodotto può vantare sono l'eccellente resistenza ai raggi ultravioletti ed alla corrosione nelle sue varie forme.

Il prodotto **SEASON** è inoltre facilmente pulibile e smacchiabile, è completamente atossico, è riciclabile ed ha un'ottima formabilità meccanica.

VARCOLOR è in grado di offrire il prodotto **SEASON** in diverse soluzioni di composizione in base all'applicazione finale ed alle esigenze tecniche richieste dal Cliente.

The product SEASON has been created by VARCOLOR as a response to the growing demand of finishes and decorations for outside applications.

In fact they are designed for roofing, façades, panels for industrial and architectural purposes and gutters.

All the finishes you find here can be manufactured with this advanced technology but a lot of new finishes could be created according to the Customer's needs and ideas.

The product SEASON has an excellent resistance to the UV rays and corrosion.

It is also very easy to clean, totally foodsafe, fully recyclable and has an excellent mechanical workability.

Thanks to the flexibility of the technology used by VARCOLOR, it is also possible to create the product SEASON in different finishes according to the Customer's requirements.
